

PROFILE

I am currently a final year technology degree apprentice with PricewaterhouseCoopers (PwC), studying Computer Science at the University of Birmingham.

I have a particular interest in image processing, robotics, and cyber security, developing an eye-tracking software solution for my final year project.

HANNAH LEONG

Technology Degree Apprentice

EDUCATION

University of Birmingham – BSc Computer Science with Digital Technology Partnership

September 2018 – July 2022

[It's okay to brag about your final grade, awards and honours. Feel free to summarise your coursework too.]

Nonsuch High School for Girls

September 2011 – June 2018

A-levels: A*, A, A, B in Mathematics, Further Mathematics, Computer Science and Physics, with an A* in EPQ

GCSEs: 1 A**, 7 A*, 3 A, 1 B

WORK EXPERIENCE

PwC - Technology Degree Apprentice

September 2018 – Present

2018: Summer placement where, as part of a team, I designed and built a chatbot mainly using Google Cloud Platform.

2020-2021: Year placement working on projects ranging from a global mobility tool to a personalised online learning platform. Gained experience with Microsoft Azure services and multiple programming languages (e.g. C#, JavaScript, SQL, YAML, Python)

First Class Learning - Tutor

March 2017 – April 2018

Leading group tuition sessions for children up to GCSE level

Gold Medal House - Restaurant Worker

March 2014 – February 2018

Delivering takeaway meals

SKILLS
